EXPERIENCE

AI Engineer <i>Infosys</i>	July 2025 - Present <i>Hyderabad, Telangana</i>
- Building scalable AI solutions and generative AI applications for enterprise clients. - Developing agentic workflows and intelligent agents with capabilities like tool-use, memory, and reasoning. - Implementing production-ready RAG systems using various retrieval strategies and open-source LLMs.	
AI Intern <i>SpinSci Technologies</i>	Feb 2025 - June 2025 <i>Hyderabad, Telangana</i>
- Designed and developed an AI-powered internal chatbot to handle company product documentation queries. - Implemented agentic workflows using open-source LLMs and RAG with various retrieval strategies.	

EDUCATION

Sreenidhi Institute of Science and Technology <i>Bachelor of Technology in Computer Science - IoT, CGPA - 8.3</i>	Hyderabad, Telangana <i>Dec 2021 – May 2025</i>
---	--

PROJECTS

MedMAX <i>Python, HTML & CSS, JavaScript, Flask</i>	May 2024 - August 2024
- MedMax uses a GenAI-powered chatbot to streamline user interactions and improve efficiency. - It reduces manual input, offering quicker access to prescriptions and healthcare products.	
ApnaAwaaz.ai <i>GenAI, Python, RVC, ML, Git</i>	June 2024
- Built an AI model using RVC and TTS for voice transformation and cloning, created during a 36-hour hackathon. - Integrated generative AI to synthesize personalized music from user lyrics in their cloned voice.	

TECHNICAL SKILLS

Languages: Python, TypeScript
AI/ML Frameworks: LangChain, LlamaIndex, Transformers, OpenAI API, Anthropic Claude API
GenAI & Agentic AI: RAG Systems, Multi-Agent Frameworks, Tool-Use, Memory & Reasoning, Prompt Engineering
LLMs & Models: GPT-4, Claude, Llama, Mistral, Open-Source LLMs, Fine-tuning
Databases: Neo4j, Pinecone, Weaviate, ChromaDB, FAISS
AI Observability & Assurance: Model Monitoring, Red Teaming, AI Safety, Performance Evaluation

CERTIFICATIONS & PUBLICATIONS

Claude Certified Architect - Foundations <i>Anthropic</i>	2025
Foundations of Modern Machine Learning <i>IIIT-H – The International Institute of Information Technology - Hyderabad</i>	Aug 2023 - May 2024
Publication - Integrating Block chain Technology in Various IoT Applications <i>IJSET Journal</i>	2023
Sentiment Insights - Harnessing NLP for Enhanced User Understanding <i>Publication</i>	2024
